Works in Remote Locations: Yes

Australian Indigenous Owned: No

Our turnkey maintenance, manufacturing and scalable labour hire delivers reliable, cost-effective solutions for major projects throughout Australia.

Summary

With facilities located in Tom Price, Newman, Perth & Victoria AWE is a privately owned organisation geared to deliver efficiency, minimise downtime and streamline shutdowns within the mining and manufacturing industries. We offer a broad spectrum of fixed and mobile maintenance, specialist line boring services, equipment and labour hire, and custom engineering and manufacture.

Our raft of specialised services and attention to detail sets us a part, as does our focus on Zero Harm. We take pride in the quality of our delivery, detailed reporting, transparency and accountability. It's these attributes, along with our highly motivated team of professionals, that have made us a valued partner with a number of the world's largest mining and manufacturing operations.

Description

Our turnkey maintenance, manufacturing and scalable labour hire delivers reliable, cost-effective solutions for major projects throughout Australia. Our deliverables are designed to optimise productivity, transparency and

accountability. We have a team of qualified professionals equipped to manage short and long term maintenance projects; from planning and design, to logistics, management and implementation.
