KAEFER has earned a domestic and global reputation as a preferred supplier of a comprehensive range of Industrial Services and Cryogenic Insulation Systems for Onshore and Offshore LNG Process Plants, LNG Receiving Terminals and LPG Plants.

Summary

KAEFER is the most experienced integrated services company having provided a range of services to Australian industry for more than 25 years.

KAEFER has established a reputation for high performance on both major projects and maintenance contracts over the long term.

Some of our current major projects include:

- Esso Maintenance (23 offshore platforms)
- Ichthys LNG (scaffolding & insulation)

- Wheatstone LNG Onshore and Offshore
- Koniambo Nickel
- Longford Gas Plant
- Port Bonython, Moomba and Patricia Baleen

In addition to our own substantial capability in manpower, equipment and technical resources, KAEFER is backed by one of the world's largest insulation contractors.

Description

KAEFER has earned a domestic and global reputation as a preferred supplier of a comprehensive range of Industrial Services and Cryogenic Insulation Systems for Onshore and Offshore LNG Process Plants, LNG Receiving Terminals and LPG Plants.
